

# Alignment and Belt Tensioning Trainer

Belt Installation & Maintenance Training Tool

Shown with optional KX-3550 Pulley PRO

## Improve worker performance with superior belt Alignment and Tensioning Training

### Alignment and Belt Tensioning Training Part No. KX-6550-ST

The KX-6550-ST is a rugged but lightweight multi-purpose pulley alignment and belt tensioning trainer. It is an exceptional tool for alignment and proper belt tension training. It was developed especially for the needs of the professional instructor.

The KX-6550-ST features a strong A-Frame assembly – with a durable powder coat paint finish, a hard black anodized base, adjustable shaft centers for different belt sizes along with laser etched reference lines, 12”-14” and 14”-16”.1” diameter 304 stainless steel shafts with precision bearings, jack bolts, rubber feet and locking knurled knobs to keep the shafts from rotating.

Belt and pulleys are also included.

**KX-6550-ST**  
**Dimensions:**  
8” wide x 28” long x 10” high  
Net weight: 37 lbs.
