

CK5-IR Military police series

PARAMETER TABLE

Size	350*155*59mm
Display screen	5.0 inch industrial LCD screen 1024*768
Storage	32G Micro SD Card (max 128GB)
Video output	HDMI Video output
Image / Video	JPG/MP4
Image Control	Freezing, zooming, photographing, flipping, video playback and analog ruler functions
System language	Chinese (simplified), French, English, German, Spanish, Italian, Japanese
Power supply	≥4 hours
Insert tube diameter	Φ6.0mm Φ3.9mm
Illumination type	Rear LED fiber optical transmission illumination
Pixels	1.0 MP
Length probe	1m-6m
Articulation	360 degrees
Bending angle	160 degrees
DOF (Optional)	8mm~150mm, 12mm~200mm, 50~infinity
Infrared wavelengths	No red exposure 940nm, red exposure 850nm
View angle	90°\120°\140°
Probe material	Tungsten wire braided
Operating temperature of mainframe system	-10℃~50℃, low temperature without preheating
Storage temperature	-20℃~60℃
Relative humidity	Maximum 90%, no condensation
Protection	Probe insertion tube IP67, host IP54

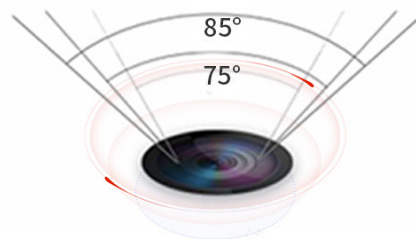

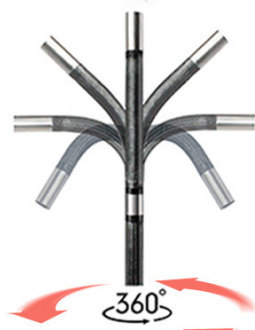

CK5-IR Military police series

**ULTRA FAR HD INFRARED
RECORD ENDOSCOPE**

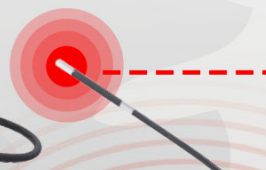

1

360° Omnidirectional function

2

Ultra far infrared HD camera

Camera Voice pickup and recording function

Ultra far infrared HD video

Super long endurance energy storage module

The battery can be used for a long time
USB power supply can be directly charged for use

3

5 inch HD LCD

Visible in sunlight

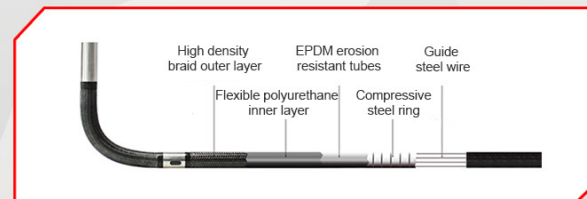

Display resolution 1024*768

Quick change for different probes

3.9mm-6mm various probes for optional

4

Application scenarios

1. Hidden investigation

Security eod 2.

3. Anti-terrorism rescue
